

HCS Newsletter

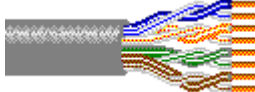

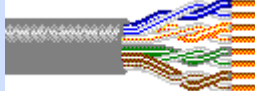

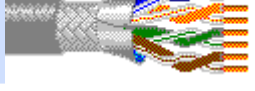

No. 59, Dated Sunday, 22 October, 2006

HCS new terminology for LAN Copper Cables following Annex E of ISO/IEC-11801

HCS, the only Turkish manufacturer of state-of-the-art LAN cabling systems, has started a process in which all its LAN copper cables will be described according to Annex E of ISO/IEC-11801 ("Acronyms for Balanced Cables").

During this gradual process both old and new terms may appear in HCS labels, print legends and catalogs but we will do our best to shorten this period.

The present list includes the following constructions:

New Term	Old Term	Shield formation	
U/UTP	UTP	Unshielded cable/ unshielded pairs	
MR/UTP	-	Unshielded cable with metal reflector / Unshielded pairs	
F/UTP	FTP	Foil shielded cable / Unshielded pairs	
U/FTP	STP	Unshielded cable/ Foil shielded pairs	
F/FTP	F/STP	Foil shielded cable/ Foil shielded pairs	
SF/UTP	SFTP	Foil & Braid shielded cable/ Unshielded pairs	
S/FTP	S/STP	Braid shielded cable / Foil shielded pairs	

For more information on HCS products please browse the [HCS Online Catalog](#) or contact us at [HCS Istanbul](#).

Sincerely,

Ergün Rıza AKAN
Asst. General Manager

HCS is the No.1 Turkish supplier of high- performance fiber optic and twisted pair LAN Cabling Systems.
